

## Bedtime Story For the Little Ones

"Uncle Wiggly Starts the Fire"  
By HOWARD R. GARIS.

"Well, well! This is certainly strange!" exclaimed Uncle Wiggly Longears, the rabbit gentleman, as he came downstairs in his hollow stump bungalow one cold November morning and shivered so hard that his pink nose looked like a rubber ball going roller skating. The bunny uncle looked all around the kitchen, in the dining room and half way through the parlor.

"Nurse Jane Fuzzy Wuzzy not downstairs yet to get breakfast?" went on the bunny gentleman. "Not that I mind getting my carrot coffee and oatmeal eggs myself, but she said she would be down extra early and as yet even the fire hasn't started to make the bungalow warm. And I cut the wood and brought in the coal myself last night!" went on Mr. Longears. "Then he shivered some more and, going to the foot of the stairs, he called up, saying:

"Oh, Nurse Jane! Is anything the matter?"

"Well, not so very much," was the

Instant Hair Stain  
Better Than Slow  
"Restorers"

Some folks would believe that the hair color restorer is a new discovery. It is not. It is a hair color restorer that will color gray, streaked, faded, or faded hair, without staining the scalp or the hair. It is a hair color restorer that will color gray, streaked, faded, or faded hair, without staining the scalp or the hair. It is a hair color restorer that will color gray, streaked, faded, or faded hair, without staining the scalp or the hair.

Instant Hair Stain is a hair color restorer that will color gray, streaked, faded, or faded hair, without staining the scalp or the hair. It is a hair color restorer that will color gray, streaked, faded, or faded hair, without staining the scalp or the hair.

DON'T BE BILIOUS,  
HEADACHY, SICK  
OR CONSTIPATED

Enjoy life! Live your liver  
and bowels to-night  
and feel great.

Wake up with head clear,  
stomach sweet, breath  
right, cold gone.

Take one or two Candy Cathartics tonight and enjoy the nicest, gentlest liver and bowel cleansing you ever experienced. Wake up feeling grand, your head will be clear, your tongue clean, breath sweet, stomach regulated and your liver and thirty feet of bowels active. Get a box at any drug store now and get straightened out by morning. Stop flat head, biliousness, bad colds and bad days. Feel fit and ready for work or play. Candy Cathartics do not grip, sicken or inconvenience you the next day. It's salts, pills or calomel. They're fine!

Mothers should give a whole Candy Cathartic to their children because it will act thoroughly and can not injure. —Ad—

## DON'T BE BALD

Here's a Good Way to Stop Loss of Hair  
and Start New Hair Growth.

If the hair root is absolutely dead, permanent baldness will be your lot, and you might as well cheer up as to become your fate.

If you hair is falling or thinning out, don't wait another day but go to Kelly & Pollard and get a bottle of Parisian Sage, the truly efficient hair grower.

Don't say, "It's the same old story; I've heard it before," but try a bottle at their risk. They guarantee Parisian Sage to grow hair, to stop falling hair, to cure dandruff and stop scalp itch, or money back.

Parisian Sage contains just the elements needed to properly invigorate and nourish the hair roots. It's a prime favorite with discriminating ladies because it makes the hair soft, bright, and appear thick as abundant. It is antiseptic, killing the odors that are bound to arise from excretions of the scalp and, as everyone knows, sage is excellent for the hair and scalp.

Parisian Sage is inexpensive and easily obtainable at drug and toilet counters everywhere.—Ad—

## SCHOOL DAYS

By DWIG

## 14 Years Ago Today

From the Herald of This Date, 1902.

THE city council without loss of time met Saturday afternoon and adopted the ordinance to condemn the property for the new union station for the city. This means that El Paso will get the station, as citizens have already assured the railway that the money necessary to buy the land north of the Sunset track to open up San Francisco street will be forthcoming.

Miss Helen Mark, of Chicago, is in the city and will spend the winter with her aunt, Mrs. J. McKinnell.

Superintendent J. H. Harris, of the El Paso & Rock Island railway, came down from Alameda this morning.

Mrs. W. A. Hadlock and son arrived in the city this morning from Boston and will visit Mr. and Mrs. J. W. Hadlock.

Dr. H. H. Stark has been appointed examining physician for the United Brotherhood of Railway employees.

Mr. and Mrs. J. H. Russell, who have been visiting friends in the east for the past two months, are expected to return home this morning.

The smelter plant shut down yesterday for a few minutes, due to the fact that the big pipe leading from the blowers to the furnaces was in need of repairs.

There were 35 carloads of cattle from Valentine, Texas, unloaded at the El Paso Union stockyards this morning. Their destination is Phoenix, Ariz., and Los Angeles, Cal.

Mr. and Mrs. Dan White will leave tomorrow for Trinidad, Colo., where they are going to attend the wedding of Miss Lucy Wardenburg, daughter of Mr. White's partner.

The Elk carnival closed on Saturday night and, with the end came a feeling of satisfaction for local Elks. For the affair has been a success in every way. Some of the shows were cut short on the last night because of rowdiness.

President Porfirio Diaz, of Mexico, knows a few things about breaking up trusts himself and has just issued a decree to break up the wheat corner in that country. The order has reached here and admits American wheat very cheap for some months to come.

H. C. Miles, who is to have charge of the El Paso livestock exhibit during the 27th annual convention of the Cattle Raisers' association in this city, on March 15-16, states that from all reports and inquiries received, the exhibit will be 50 percent larger than last year.

Good coal makes cheerfulness. That's the reputation of Cerrillos White Ash and Swastika Coal. Prompt service and full weight guaranteed. Southwestern Fuel & Feed Co., Phone 332-4444.—Ad—

Does your roof need painting? Paint it before winter sets in. Phone 332 for Pabco paint, green and red. Lander Lumber Co.—Ad—

## Today's Daintiest Dish

BY CONSTANCE CLARKE

**Raisin Bread.**

THIS bread is very wholesome for the children. It is more digestible if the raisins are soaked for an hour or two before using. Be sure they are dry before making the bread, and roll them in flour before adding to the flour.

Measure out two cups of water into a saucepan and bring it to the boil. Then add to it a tablespoonful of lard, two tablespoonfuls of sugar and a teaspoonful of salt. Pour this into a bowl and mix in one-half pound of raisins. Dissolve a cake of yeast in a cup of lukewarm water. Weigh out three and a half pounds of flour, sift it into a bowl, mix in one-half pound of raisins, then add the yeast and mix well up into a dough. Set to rise in a warm place. Turn out on a pastry board and knead well. Then divide into loaves, put it into pans. Bake for about 40 minutes. (Tomorrow—Italian Vanilla Cream.)

**"BLOC" IN DUMA BROKEN BY PROGRESSIVE WITHDRAWAL**

London, Eng., Nov. 16.—The six party combination which has long constituted the "bloc" or majority in the Russian duma has been broken by the withdrawal of the progressive party. The progressives, who number about 40, declare they withdrew because the "bloc" leaders refused to include in their declaration of the opening of the duma a direct demand for parliamentary government.

## Beauty Chats

By Edna Kent Forbes

**New Coiffures**

How MANY TIMES a week do you hear, "Oh, my hair is dreadful! I simply can't do anything with it?" And how many times do you feel that you could do something with that girl's hair, if you only could show her how to fix it.

For the trouble is rarely with the hair, but with the way it is dressed. And there are so many ways of doing the hair, that some one method will be becoming to this hard-to-suit type.

Oily hair is impossible to fix—but only hair can be washed often enough to keep it fine and fluffy. That limp, whisp mouse-colored hair is discouraging to own—but, if it's thick, it can be parted, combed softly back and wound in a coronet braid around the head. And if it's short, it can be brushed smoothly off the face, with a little pulled out to hide the ears and to soften the line of the cheek. Then it can be rolled under and pinned, forming a roll that follows the line of the head from the back of the neck to the middle of the top of the head itself. And hair nets cover a multitude of wisps!

The new coiffures are much softer than those of the past season, a fact that the very thick-faced and very plump-faced woman should rejoice to hear. New styles allow the hair to be pulled quite far down over the cheeks, to hide hollows, and fairly far down on the forehead. The severity of the late styles was trying to all but the most beautiful faces, while the fussiness of the styles before that, made the woman look as though she were peeping from a thick underbrush. The most beautiful styles are always the sanest ones.

**Questions and Answers**

Can you suggest something to overcome a shiny scalp? Powder does not seem to help. It gets especially shiny after I bathe my face in cold water. Is there anything that can be used in washing or after?

**OCEAN'S SALT WOULD COVER THE U. S. 8,500 FEET DEEP**

Washington, D. C., Nov. 15.—Saline matter in the ocean is estimated at a little more than 4,000,000 cubic miles, which, according to the United States Geological survey, is enough to cover the entire surface of the United States to a depth of 8,500 feet.

**EL PASO ROAD TO ANTHONY COMPLETED; DONA ANA POOR**

The new concrete road from the El Paso cement plant to the state line at Anthony is completed and it is all open but about 200 yards at the edge of Anthony. This is now covered with dirt and is being wet down daily by the working force. It will be uncovered by Thanksgiving day, when the entire road will be opened and dedicated.

County judge Anthony is planning to have a barbecue at Anthony and expects all El Pasoans with cars to motor out over the new road and partake of the barbecue.

The completion of the El Paso end of the road finds the Dona Ana county even in the body as well as the wheels. So trucks of the United States army have cut the Las Cruces macadam in bad shape and the road in places is almost as bad as the old El Paso road was before it was rebuilt with concrete. If the Dona Ana county road board does not take action soon, the Dona Ana road in good shape, it will be very hard to drive over.

**Thin Men and Women**

Here's a Safe and Easy Way by Which You May Gain 10 Pounds or More of Solid, Healthy, Permanent Flesh.

Thin, nervous, undeveloped men and women everywhere are heard to say "I can't understand why I do not get fat. I eat plenty of good nourishing food." The reason is just this: You cannot get fat, no matter how much you eat, unless your digestive organs assimilate the fat-making elements of your food instead of passing them out through the body as waste.

What is needed is a means of gently urging the assimilative functions of the stomach and intestines to absorb the oils and fats and hand them over to the blood, where they may reach the starved, shrunken, run-down tissues and build them up. The thin person's body is like a dry sponge—eager and hungry for the fatty materials of food which it is being deprived by the failure of the assimilatory canal to take them from the food. A splendid way of working to overcome this starved state of the body is to use Sargol.

NOTE—Sargol is recommended only as a flesh builder and while excellent results in cases of nervous indigestion, etc., have been reported, care should be taken about using it unless a gain of weight is desired.—Adv

**Divorce Court Story**

**CAUSES MURDER CHARGE**

Asburn, Calif., Nov. 16.—As a result of a story told by Mrs. Howard J. Liley in Oakland, Cal., in her effort to secure a divorce, Liley, captured in Salt Lake City after a search of five years, confessed Wednesday night, according to officials, that he had killed Thomas Rafterton, his mining partner. In the Bear River canyon in 1911, he is said to have asserted he killed Rafterton during a quarrel.

**Range in Good Shape**

Reports from West Texas cattle points indicate excellent range conditions for the approaching winter and cattlemen generally expect stock to come through the winter in better shape than for several years.

Good rains in the early fall, which were general over West Texas and through southern New Mexico and Arizona, put the ranges in fine shape and filled water holes.

Some Mexican cattle is reaching this side but it is principally coming through Big Bend park and the greater portion is being shipped from Marfa and Alpine.

West Texas cattle shipments to El Paso have shown a substantial increase in volume and number of shipments in November.

Local cattle dealers say the market is strong, prices good and receipts increasing.
